The Palm Beach Round Table held their first luncheon of the season on Thursday, November 17, 2011 at The Colony Palm Beach with Luncheon *Chairman Hermé deWyman Miro* and *President Dick Robinson* presiding over the event. Sheldon Lenahan and Edwin Vinson were the Luncheon Underwriters. The guest speaker was **Larry Bell**, Author of *Climate of Corruption~Politics and Power Behind the Global Warming Hoax* and weekly columnist with Forbes.com. Last year, the Morrow's were able to help LLS raise more than \$440,000 by securing fantastic auction items and thru the generosity of the Gala's donors. Pam Payne, Executive Director of the Palm Beach Area Chapter of LLS said, "We are thrilled that *Geri & Frank* have agreed to chair our gala again for the second year. With them on board, our 2012 event is sure to be another exciting and financially successful one. We sincerely appreciate their commitment to our mission."

Planning is already underway to make this year's event a most memorable and entertaining evening. Not only will this event raise necessary blood cancer research funding, but will also help support our local patients and their families by providing financial aid.

All proceeds from the Gala will benefit the LLS's mission to cure leukemia, lymphoma and myeloma and to improve the quality of life of patients and their families.

Marshall Foundation educators lead Refuge visit for Glades Central students

Students from Glades Central High School in Belle Glade joined the Marshall Foundation education team on November 15, along with Serena Rinker from the U.S. Fish & Wildlife Service, to explore the Everglades at the Arthur R. Marshall Loxahatchee National Wildlife Refuge in Boynton Beach. The students compared two different habitats, and measured the health of these wetlands by examining water chemistry and identifying the aquatic animals that they found. For nearly every student, it was their first visit to the Refuge. "It showed them that science takes place outside the classroom, as well," said Rebecca Stanek, Marshall Foundation Everglades Research & Education Specialist.
